DOGGED BY THE BLACK HAND.

The Oberbourg, France, police announce that when the steamer Philadelphia docked Sunday, an Italian, who described himself as Francesco Difeo, a banker of New York city, rushed in terror to the police station, declaring that he was pursued by two members of a Black Hand gang which had threatened him in the United States. The two men, he said, were passengers on the Philadelphia and dogged his steps till he finally took refuge in his stateroom, from which he did not emerge until the steamer reached her pier. Difeo refused to leave for Paris until assured that the suspects were not on the same car with him. He claimed to have fled from New York to escape the Black Hand, as he was convinced that death would be his portion if he remained in the United States. No arrests have been made.

According to a statement issued by Commissioner General of Immigration Keeke yesterday the United States is not getting in as high a class of citizenship as it is sending out to Canada.

In Bad Fix

"I had a mishap at the age of 41, which left me in bad fix," writes Mrs. Georgia Usher, of Conyers, Ga. "I was unconscious for three days, and after that I would have fainting spells, dizziness, nervousness, sick headache, heart palpitation and many strange feelings. I suffered greatly with ailments due to the change of life and had 3 doctors, but they did no good, so I concluded to try Cardui."

"Since taking Cardui, I am so much better and can do all my housework."

Take CARDUI

The Woman's Tonic

Do not allow yourself to get into a bad fix. You might get in so bad you would find it hard to get out. Better take Cardui while there is time, while you are still in moderately good health, just to conserve your strength and keep you in tip top condition.

In this way your troubles, whatever they are, will gradually grow smaller instead of larger—you will be on the up-grade instead of the down—and by and bye you will arrive at the north pole of perfect health.
